Results may vary based on vehicle maintenance, modifications, and conditions.

Decrease in Fuel Consumption: Namitec products are designed to improve fuel efficiency, helping you save money at the pump.
Increase in Engine Performance: Experience a noticeable boost in your engine's performance, providing a smoother and more powerful ride.
Added Protection for Your Engine: Namitec offers enhanced protection for your engine, reducing wear and extending its lifespan.
Increase in Quietness and Smoothness: Enjoy a quieter and smoother driving experience, with reduced engine noise and vibrations. Graphene nanoparticles would fill up the microscopic pores and scratches on the worn surfaces and start to develop a protective tribofilm. No change in Viscosity, ~ 23% Reduction in Foaming Volume.
